

SEEKING VETERANS

We would like to learn more about barriers to accessing and engaging in mental health services

WHO: Researchers at the San Francisco VA Medical Center are seeking men and women Veterans over the age of 18 to participate in a study.

WHAT: The study is testing a new telephone-based coaching technique to help Veterans who need mental health treatment connect with care in their communities. The study will also identify better ways to assist rural Veterans or Veterans who use VA community clinics to get the help they need.

If you are eligible you will be reimbursed \$20 for each assessment you complete [up to \$80].

To find out more about the study and how you can help please call us at: **1-415-221-4810 x 23944.**
